Also added to this is, “If you reproduce or re-purpose, be sure to credit this blog and link back to the post”, so I take it my use of the beautiful stones for a rainbow is ok. The light blue stone has a pink recolouring to make it violet/purple-ish for the rainbow.

While this is creative commons, yet the one below is far superior to my needs in a worship setting

<https://www.youtube.com/watch?v=XZFHsyFq1f8>

Fely2000

In the description, it does say, “FOR MANY OTHER FREE TOP RESOURCES CLICK HERE”

My use of this seems to be ‘fair use’:

<https://fairusetube.org/guide-to-youtube-removals/3-deciding-if-video-is-fair-use>

“It is not enough to say that your use criticizes the original and might make someone not want to buy it. That is still fair use.”

While I praise the song, yet I do state my own preference that it should be avoided in a public worship setting.

I also posted a comment regarding my use in the comments section of the video (on 25 April 2018)

I guess that this song is based on a similar Taize song
